3C Ham Shack 40 Ah Battery Box

Compact | Rugged | Versatile

- Two 20Ah Lithium Batteries – Combined total of 40Ah capacity for extended power needs.
- Built-in DROK Power Meter – Monitor voltage, current, and power usage in real time.
- Integrated Solar Charge Controller – Recharge via solar panels while off-grid.
- AC Charging Capability – Recharge the batteries from any standard wall outlet using an appropriate Lefepo4 charger.
- Dual 12V Output Ports – Power radios, coolers, or other 12V gear.
- USB-C Port – Fast charging for phones, tablets, or laptops.
- Two LED Lights – One interior LED for battery compartment visibility, and one exterior LED for nighttime use or emergency lighting.

Compact, rugged, and versatile—this battery box is perfect for field operations, emergency power backup, or outdoor adventures. Whether you're working after dark or setting up camp off-grid, this unit keeps your power needs covered.
